### NOTICE TO COMPLY

**RE: Halton Region Cross Connection Survey and annual Backflow Prevention Device Testing Required at [REDACTED] OAKVILLE**

Dear Property Owner / Occupant,

In 2005, Halton Region, in accordance with the Safe Drinking Water Act, introduced the Cross-Connection Control Program (CCCP) to protect the municipal water distribution system and prevent contamination from non-drinking water sources. Halton Region's Drinking Water System By-Law 71-19 (By-Law 19) puts mechanisms in place to prohibit the discharge of substances into the Drinking Water System. This includes requiring an evaluation of the potential hazards of Cross Connection and the Installation of appropriate Backflow Prevention Devices.

Our records indicate you are required to complete a Cross Connection Survey and annual Backflow Prevention Device Testing. Pursuant to subsection 27.1(1) of By-Law 71-19, a Cross Connection Survey is mandatory and must be completed every five years or as otherwise required by the Region.

Please complete a Cross Connection Survey and annual Backflow Prevention Device testing by the test due date below or within sixty (60) days of the date of this letter and submit it to the address listed in item 2 of the instructions on the back of this letter. It is advisable that you have your Backflow Prevention Device tested at the same time as the Cross Connection Survey. If your annual testing has been completed and the test reports submitted, disregard the request for annual testing and have your survey completed.

<b>Main Feed Serial #:</b> [REDACTED]	<b>Test Due By:</b> [REDACTED]
<b>2nd Feed Serial #:</b>	<b>Test Due By:</b>
<b>Fire Serial #:</b>	<b>Test Due By:</b>
<b>ByPass Serial #:</b>	<b>Test Due By:</b>
<b>Irrigation Serial #:</b>	<b>Test Due By:</b>

No additional administrative fees are required for submission of a re-survey provided no ownership of Property changes have occurred. Annual testing fee still applies for all testing and inspection reports. Instructions to assist with this request are located on the back of this letter.

Halton Region would like to thank you in advance for your efforts in helping us keep the water system safe. If you require more information please visit our website at [www.halton.ca](http://www.halton.ca) or contact us by phone at 311, or toll free 1-866-442-5866 (1-866-4HALTON), or by email [backflow@halton.ca](mailto:backflow@halton.ca)

Sincerely, *Ally*
