Dear Client:

This letter is to inform you that the Cross-Connection Survey completed on **November 26, 2029** for **123 Street Mississauga** has been received and reviewed.

It is your responsibility to ensure that a Qualified Person is hired to complete all backflow prevention device installations or upgrades and testing according to the completed survey. Once this is completed, the Backflow Prevention Device Test Report (blank copy attached) has to be completed and submitted by **November 26, 2029**.

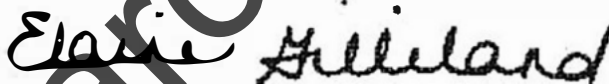

Please note where a fire protection system is installed, sprinkler or standpipe, they shall be protected against backflow caused by back-siphon or backpressure as per Section 9(1) of By-law 10-2017.

There is a \$50.00 fee (No HST) per facility for the test report. When the test report is completed, please submit it along with a payment either by cheque payable to "Region of Peel" or call to make a payment by credit card at the number given below.

Enclosed please find the payment receipt and information sheet to get permits for the installation of any required backflow prevention devices.

Should you have any further questions, please call (905) 791-7800 or email us at backflowprevention@peelregion.ca

Yours truly,

Elaine Gilliland, B.Sc.
Manager
Environmental Control Section
Wastewater Division
